Manu Nicholas Jacob spent a portion of his spring break volunteering with us at Lovedale Foundation. Manu was responsible for coaching the students of 7th, 8th, 9th and 10th Grade with their academics and has specially trained the students of Grade 10th with Science & Mathematics. We appreciate his effort and dedication he rendered to the students at our Organization.

Manu Nicholas Jacob has Excellent Communication & Interpersonal skills. His inquisitive mind, Social awareness & organisational skills have helped our students with a great exposure into the society. We feel that Manu has the capabilities of handling bigger endeavours and accomplishing them with his hard work, Leadership qualities & People skills.

We also found that Manu Nicholas Jacob was very proactive in a few activities and he took the initiative of some programs for students which helped them to understand the subjects easier and faster than the usual. His positive attitude, patience and imparting knowledge with enthusiasm made him the favourite amongst all others.

I recommend Manu without any reservations and I wish Manu the very best in all his future endeavours.
